

Are you, like Sylvie, concerned by a particular phenomenon? Do you want to change the world through science?

Sylvie
Citizen

The famous lake in my region is threatened. It's being invaded by algae.

What factors contribute to the spread of these algae?

Take part in the *engage* program, which places you at the heart of a research project.

Your question interests me. Do you want to start a research project together?

Sébastien
Researcher

Submit your question **before September 15 and form a Duo with a researcher.**
