The image displays a composite of three digital assets for 'Sciences et Avenir':

- Facebook Profile:** Located on the left, it shows the page name 'Sciences et Avenir' with a profile picture of a red and white circular logo. The page has 2 million likes and 2 million followers. Navigation buttons for 'En savoir plus' and 'Message' are visible.
- Website Screenshot:** The central part shows a Chrome browser window displaying the website 'sciencesetavenir.fr'. The main article is titled 'Premier vol de Starship : pourquoi SpaceX parle (quand même) d'une réussite'. Below the main article are four smaller featured articles with images and titles related to climate change and mathematics.
- Twitter Profile:** On the right, the Twitter profile for '@Sciences_Avenir' is shown. It features a space-themed profile picture and bio, 254 subscriptions, and 258,201 followers. A recent tweet is visible, discussing 'fatigue mentale' and neuroscience.
