Note 1: The Fonds CVs display only the sections the Fonds require. When producing a CV for the Fonds, access the Funding CV of the Fonds and not the Generic one, to avoid completing non required sections. Note that the information in each section is shared between the Generic CV and the CVs of the agencies, no matter if it has been entered in one or the other.

Note 2: If you want to submit many different CVs to the same Fonds with adapted content depending on the program or the research area, it is possible to create versions ^⑥. Each version stores the selected elements (see next page, point ^② of the *Understand what is required* section) to allow you to recover them for an upcoming application. If you have created versions, you must specify the one to open ^⑦ when accessing the Fonds Funding CV.

4- Validate the PIN

Your FRQ PIN must have been validated before you submit your CV. If the *PIN/System Account Status* is *Invalid*, access the *PIN/System Account* ^① via the bar menu. Then, click on the pencil ^② and follow the steps.

It can be found into the *Documents* section of the main menu bar of that Fonds *E-portfolio*.

To access your *E-portfolio*, you can use the link provided at the bottom of the preceding page, and then select the appropriate Fonds.
